

A Shared Vision.

The *Watershed Partners Program* for Upper Trinity Conservation Trust is dedicated to *increasing public awareness* and to *fostering partnerships* that help protect critical watershed assets. Participation in the *Partners Program* will enable the Trust to be effective in its mission to help protect watersheds. Partners will be making a direct contribution to a safe and adequate supply of water for future generations, while enhancing both the environment and the quality of life in communities and neighborhoods.

A shared vision motivates the Upper Trinity Regional Water District, the Conservation Trust, and the Partners Program to jointly pursue watershed protection with a sense of urgency. Protection of existing resources and riparian assets will cost very little if we do it in advance... in contrast with the enormous cost of restoring an impaired watershed later.

Upper Trinity Regional Water District sponsors and coordinates a regional Watershed Protection Program for its members and for the benefit of all communities. Watersheds will continue to be under pressure of regional growth and development. Yet, our collective duty is to protect the watershed to safeguard water quality, to maintain an adequate water supply and to enhance the quality of life "right where we live."

Upper Trinity Conservation Trust, a local, non-profit land trust, was created in 2010 to lead a focused effort for watershed protection. The Trust has a primary mission to acquire and manage conservation easements, especially along tributaries that sustain lakes, the sources of local water supply. As a tax-exempt entity, the Trust is an ideal conservancy to receive donations of property and financial assets for watershed protection.

PARTNERSHIP LEVELS

Founding Partners

Sustaining Partners

Any entity or individual who shares the vision and sense of urgency for protection of watersheds for the long-term benefit of communities and neighborhoods.

Annual contribution to UTCT to help support the ongoing Watershed Protection Program: \$300 or more.

Sustaining Partners may elect to have a link and logo on the Trust's website, and will be recognized in programs for UTCT forums and conferences and invited to participate in special events and activities.

Contributing Partners

Any landowner who conveys a conservation easement or real property to the Trust.

Annual contribution to UTCT: \$100 or more.

An academic institution that desires to help sponsor and promote educational activities, programs related to watershed protection, conservation easements and conservation development.

Contributing Partners will be listed on the Trust's website, recognized in programs for UTCT forums and conferences and invited to participate in special events and activities.

Supporting Partners

Governmental Entities and Water Utilities located in one or more watersheds above Upper Trinity water supply sources and who adopt a standard resolution for the Upper Trinity Watershed Protection Program.

Entities and Individuals who want to support the ongoing Watershed Protection Program.

Annual contribution to UTCT: \$25 or more.

Supporting Partners will be encouraged to volunteer and assist in educational and networking activities, and will be invited to participate in special events (in lieu of annual contribution).

For more information or to become a Partner, please contact Upper Trinity Conservation Trust at 972-219-1228. Visit our website at www.utct.org.
